About the Jewish Federation of Broward County

The Jewish Federation of Broward County raises millions of dollars annually including funds from both the Annual Campaign and the activities of the Jewish Community Foundation. Funds raised save and improve lives in Broward County, in Israel and around the world.

The Jewish Federation of Broward County raises money to support under-funded and unmet needs of our local community. Additionally, in partnership with organizations and institutions in Broward County, nationally and overseas, we act collectively and responsibly to improve the lives and safeguard the freedoms of Jewish people everywhere.

Founded in 1943 as the Jewish Welfare Federation of Hollywood — becoming the Jewish Federation of South Broward later to merge with the Jewish Federation of Greater Ft. Lauderdale — the Jewish Federation of Broward County has been at the forefront of our community for the past 65 years, joining together the people, services, resources and leadership necessary to build a strong and vital community for future generations.

The Broward Jewish community is one of the most diverse in the United States. **Today, approximately 240,000 Jews live in Broward County.** From Deerfield Beach in the north to Hallandale in the south, more than 60 Jewish synagogues, several Jewish day schools, two Jewish community centers and many Jewish agencies reflect the richness of Jewish religious and cultural life in Broward County. Residents range from native Floridians to those who have come to the “Sunshine State” from all parts of the United States, Latin America, and the former Soviet Union.

Governed by a committed and dynamic Board of Directors, **the Jewish Federation of Broward County reaches all segments of this unique population by enhancing the quality of Jewish life and supporting a broad range of vital human services at home and abroad.**

In 2007-2008, the Federation’s fundraising campaign and Jewish Community Foundation raised over \$10 million to provide vital social services through 30 local beneficiary agencies serving over 133,000 clients. While our Annual Campaign takes care of our Jewish families everyday needs, our endowment arm, the **Jewish Community Foundation**, ensures a strong future for generations to come.

Locally, Federation’s family of agencies provide hot meals to the homebound elderly, Jewish education of youngsters from pre-school to high school, opportunities for children and adults with developmental disabilities and senior care. The Federation underwrites social, cultural and educational programming at local Jewish community centers. Beyond its local responsibilities, the Federation also supports human-service agencies in Israel and in Jewish communities around the globe.

We show solidarity with the people of Israel by supporting programs that help the Israeli people every day and especially during times of crisis. **For the last three years, since 2005, the Jewish Federation has had a special partnership with the Israeli city of Nesher. The goals of this people-to-people program include: an exchange of ideas, familiarity with each other’s community and a better understanding of our visions for the future.**

Through the Jewish Federation’s overseas partners, the Jewish Agency for Israel (JAFI) and the American Jewish Joint Distribution Committee (JDC), we touch Jewish lives in more than 60 countries. JDC and JAFI programs bring food, home health assistance, community services as well as rescue and migration assistance to those individuals who are in communities-at-risk.
