

# Broward Stands with Israel | Resources

As we come to terms with the horrific terror from this weekend in Israel, we are all looking for resources on the best approach to speak to our children about this unprecedented conflict.

Below are a few examples of available resources to our community.

## IsraelLink

IsraelLINK Resource Corner is here for parents and educators, empowering the next generation with Jewish knowledge and values. In these critical times, we must equip our youth to maintain their authentic Jewish identity amid adversaries. Education is essential, especially when children encounter misinformation about Israel. IsraelLINK provides age-appropriate tools, supporting parents and educators to ensure the next generation stands proudly as Jews, ready to shape a brighter future.
