

Supporting Israel & Overseas

Strengthening Jewish communities in Israel and around the world has always been, and remains, a top priority for the Federation. Thousands of Israelis and more than 70 Jewish communities around the globe have critical and unique needs, and the Jewish Federation, in partnership with agencies, ensures these communities receive the support they need.

ORT – Ecology Summer School

Sol Pradás embarked on a life-changing journey with the World ORT Ecology Summer School in Panama. As she carries the lessons learned forward, Sol is poised to make a positive impact on the world, driven by a commitment to conservation and a sustainable future.

8,664

individuals throughout Israel were fed in partnership with food banks and congregational meal sites.

7,589

individuals received therapy and other mental health support services.

540

lone soldiers and members of their families received financial assistance during their service.

1,328

Ethiopian-Israelis were provided free legal assistance.

12,179

Holocaust survivors in Israel received home repairs, financial assistance, and medical advocacy.

JAFI - Amigour

Phima, 80, had hoped

to spend his old age in relative serenity. He found that sense of peace, as well as a close-knit community, at the Amigour “Pincus” Sheltered Home in Bat Yam, Israel. After settling in, Phima noticed that there was an empty courtyard that needed attention. Little by little, he made it his project, “My flowers at Amigour are my protection from all the sorrows of the world. Rather than taking life, they nurture it.” Thanks to Amigour, Phima has planted roots and found a new life of serenity at his home in Bat Yam and just like his garden, Phima is truly thriving.
